

OUTDOOR UMBRELLAS

Sombrava

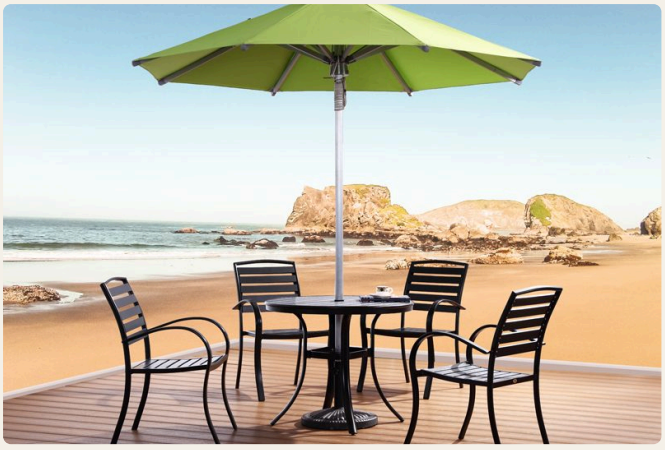

Centre pole and cantilever umbrellas for homes, hospitality and commercial spaces. Range guide 2027.

A RAVEN INDUSTRIES BRAND

Yatala, Queensland

Shade built for the Australian outdoors.

Sombrava is the outdoor umbrella range from Raven Industries, based on the Gold Coast, Queensland. Thirteen models across two families: centre pole umbrellas for tables and open spaces, and cantilever umbrellas that keep the pole out of the way. Every model is supplied with a base and a choice of canopy fabric.

Centre pole

Ten models from 2.7 m to 3.5 m in aluminium, timber, bamboo and stainless steel. Pulley, crank and push-up opening. Pages 3 to 5.

Cantilever

Four models from 2.5 m to 6 m. Side-pole designs with weighted or fixed bases, including heavy-duty membrane structures for commercial sites. Pages 6 and 7.

CANOPY FABRICS

Spanish solution-dyed acrylic, German polyester or standard polyester on most models. 550 gsm PVC membrane on the stainless steel structures.

BASES

Concrete, marble or steel plate bases matched to each model, from 20 kg table bases to 50 kg steel and four-slab cantilever bases.

ORDERING

No minimum order. Canopy colour and base chosen at order. Typical lead time 7 to 30 days plus freight. Custom sizes on request.

SB-C01

Brushed

Brushed aluminium centre pole with a clean, modern finish. Our core table umbrella for decks, cafes and pool surrounds.

Canopy	Round 2.7 m or 3.0 m
Frame	Aluminium, brushed finish
Pole	48 mm
Operation	Manual
Base	20 kg concrete (optional)
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C02

Classic 48

The same 48 mm aluminium pole and rib set as the Brushed, in a powder coated finish for high-volume hospitality use.

Canopy	Round 2.7 m or 3.0 m
Frame	Aluminium, powder coated
Pole	48 mm
Operation	Manual
Base	20 kg concrete or marble (optional)
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C03

Timberlook

The warmth of timber with the low maintenance of aluminium. Wood-grain finish on the pole and ribs, no oiling or sealing.

Canopy	Round 2.7 m or 3.0 m
Frame	Aluminium, wood-grain finish
Pole	48 mm
Operation	Manual
Base	20 kg marble (optional)
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C04

Pulley

Rope and pulley opening on a slim 38 mm white pole. Lightweight, easy to move and simple to operate at a cafe table.

Canopy	Round 2.7 m or 3.0 m
Frame	Aluminium, white powder coat
Pole	38 mm
Operation	Pulley, manual
Base	20 kg concrete, 25 kg marble or 50 kg steel plate
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C05

Push-Up

Entry-level push-up umbrella for seasonal and promotional use. Light polyester canopy, quick to deploy and pack away.

Canopy	Round 2.7 m
Frame	Aluminium
Pole	38 mm
Operation	Push-up, manual
Base	20 kg marble (optional)
Fabric	200 gsm polyester

SB-C06

Hardwood

Solid timber pole and ribs in a square canopy. A natural, heavier-set umbrella for resorts, courtyards and larger outdoor dining settings.

Canopy	Square 3.0 x 3.0 m or 3.5 × 3.5 m
Frame	Solid timber
Pole	58 mm
Operation	Manual
Base	Marble (optional)
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C07

Bamboo

Natural bamboo pole and ribs for a relaxed, coastal look. Two sizes: a slim 2.7 m for tables and a 3.0 m with a heavier pole for open areas.

Canopy	Round 2.7 m (38 mm pole) or 3.0 m (48 mm pole)
Frame	Bamboo
Operation	Manual
Base	20 kg concrete, 25 kg marble or 50 kg steel plate
Fabric	Spanish acrylic, German polyester or standard polyester

SB-C08

Membrane Centre

Tensioned PVC membrane on a stainless steel frame. Built for commercial and public spaces where the umbrella stays up through weather.

Canopy	Square 3.0 x 3.0 m
Frame	Stainless steel
Pole	78 mm
Operation	Manual
Base	50 kg steel base
Fabric	550 gsm PVC membrane

SB-C09

Starlight

Centre pole umbrella with integrated lighting along the ribs, so the shade keeps working after dark. Suited to restaurants, bars and entertaining areas.

Canopy	[SIZE]
Frame	Aluminium
Lighting	Integrated LED, [POWER SOURCE]
Operation	Manual
Base	[BASE]
Fabric	[FABRIC]

SB-X01

Royal

Square-canopy cantilever on an oval aluminium mast. Clears the table and seating below, with a four-slab base that sits flat on pavers or decking.

Canopy	Square 2.5 × 2.5 m or 3.0 x 3.0 m
Frame	Aluminium
Mast	77 × 54 × 2.0 mm oval
Operation	Manual
Base	4 × 23 kg marble slabs
Fabric	Spanish acrylic, German polyester or standard polyester

SB-X02

Timberlook Cantilever

Wood-grain aluminium cantilever on a 90 mm mast, in round or square canopies up to 3.5 m. Matches the Timberlook centre pole for a consistent look across a venue.

Canopy	Round 3.5 m, square 3.0 x 3.0 m or 3.5 × 3.5 m
Frame	Aluminium, wood-grain finish
Mast	90 mm
Operation	Manual
Base	4 × 38 kg marble slabs
Fabric	330 gsm polyester

SB-X03

Hanging

Compact cantilever for home patios and balconies. Round or square canopies from 2.5 m, on a 70 mm aluminium mast with a slab base.

Canopy	Round 2.5 m or 3.0 m, square 2.5 × 2.5 m or 3.0 x 3.0 m
Frame	Aluminium
Mast	70 mm
Operation	Manual
Base	4 × 25 kg marble slabs
Fabric	330 gsm polyester

SB-X04

Membrane Cantilever

Architectural shade structure with a tensioned PVC membrane on a side-mounted stainless steel mast, from 3 m to 6 m square. For schools, councils, resorts and venues that need permanent, engineered cover.

Canopy	Square 3 × 3, 4 × 4, 5 × 5 or 6 × 6 m
Frame	Stainless steel
Mast	78 mm
Operation	Manual
Base	Fixed footing, specified per site
Fabric	550 gsm PVC membrane

CHOOSING BETWEEN THE TWO

A centre pole umbrella is the simplest and most cost-effective way to shade a table. A cantilever costs more and needs a heavier base, but leaves the space under the canopy clear and can be swung to follow the sun.

WIND AND WEATHER

Fabric umbrellas should be closed in strong wind and overnight. The two Membrane models are designed to stay open; ask us about site-specific wind ratings and fixing details.

CODE	MODEL	CANOPY	FRAME	POLE / MAST
CENTRE POLE				
SB-C01	Brushed	Round 2.7 / 3.0 m	Aluminium, brushed	48 mm
SB-C02	Classic 48	Round 2.7 / 3.0 m	Aluminium, powder coated	48 mm
SB-C03	Timberlook	Round 2.7 / 3.0 m	Aluminium, wood grain	48 mm
SB-C04	Pulley	Round 2.7 / 3.0 m	Aluminium, white	38 mm
SB-C05	Push-Up	Round 2.7 m	Aluminium	38 mm
SB-C06	Hardwood	Square 3.0 / 3.5 m	Solid timber	58 mm
SB-C07	Bamboo	Round 2.7 / 3.0 m	Bamboo	38 / 48 mm
SB-C08	Membrane Centre	Square 3.0 m	Stainless steel, PVC	78 mm
SB-C09	Starlight	[SIZE]	Aluminium, LED lit	[POLE]
CANTILEVER				
SB-X01	Royal	Square 2.5 / 3.0 m	Aluminium	77 × 54 mm
SB-X02	Timberlook Cantilever	Round 3.5 m, square 3.0 / 3.5 m	Aluminium, wood grain	90 mm
SB-X03	Hanging	Round or square 2.5 / 3.0 m	Aluminium	70 mm
SB-X04	Membrane Cantilever	Square 3 to 6 m	Stainless steel, PVC	78 mm

All fabric models are supplied with your choice of Spanish solution-dyed acrylic, German polyester or standard polyester canopy unless listed otherwise. Bases are supplied to suit each model. Specifications may change without notice.
